Resident Carol Clarke, Malvern, asked if there were any reserves from last year or is there a fresh delivery every year to which the response was that there are no reserves.

NEW MATTERS

Board

Mr. van Mol thanked the staff and the public who made Community Day a success.

Ms. Humble spoke about a letter she received regarding the deer overpopulation throughout the Township and what is being done. Dr. Gosse responded that the Township works with two deer management groups for deer culling but they are limited on where they can actually work.

Citizens

Mr. Clarke acknowledged the amount of work done by the staff for Community Day.

Mr. Clarke noted that the Open Land Conservancy uses one of the deer management groups used by the Township.

Mrs. Clarke asked if any information for the TEFC Budget Workshop was available to which the response was that it can be found on the Township website.

Mrs. Clarke also thanked the staff for all the work done for Community Day.

Mrs. Clarke expressed concerns that Township voters are not aware of the referendum that will be on the November ballot regarding the updates to the Township Home Rule Charter. Staff reviewed the efforts made over the last year to provide information to the public: Open Houses, the Township website with a banner on the home page, social media, postings in the Township Building lobby, information in the printed newsletter, and links to information in the monthly e-newsletter. Supervisors committed to providing an executive overview at the meeting on October 19. Ms. Johnson-Pugh noted that the Open Houses were not well attended and suggested any interested voters can read the red-lined version of the changes on the Township website. Mr. van Mol noted that the language on the ballot itself was written by Chester County Voter Services using information provided by the Township. Mr. Clarke also shared his concerns that voters are not aware of the changes.

Ms. Thornton asked by not all of the Township Authority, Board or Commission meetings are available via Zoom for public participation to which the response was that the Township does not have the ability to broadcast all meetings. The Board of Supervisors meetings are the only ones that are televised and they and the TEFC meetings are the only ones available via Zoom.

Ms. Thornton noted that there are Authority, Board or Commission meeting minutes missing from the website and she asked that they be posted in a more timely manner.

NEXT MEETING

The next meeting of the Board of Supervisors is scheduled for October 19, 2026.

ADJOURNMENT

The meeting was adjourned at 8:11 PM.

Respectfully submitted,

Patricia Hoffman
